# Counseling

## Clinical Counseling

Licensed counselors provide individual, family, and couples therapy. Counseling ranges from general assistance to help for specific issues. Play therapy is utilized as a way to help children address and resolve problems.

## Case Management

Case management programs offer intensive in-home support to families that can benefit from additional assistance. Through assessments, interventions, referrals and mentoring, families are connected to the resources they need to build strong families.

# Case Management

## Parenting Advice Line

This free service is available to parents and caregivers who need answers to their questions or concerns about caring for children. Trained staff help callers develop a plan or share ideas to resolve issues. They may also make recommendations to other services which can provide additional tools to help families succeed.

817-332-6399

Monday - Friday from noon to 3:00 p.m.

## Family Transitions

This co-parenting program provides support to families raising children between two homes. Services are offered to parents, blended families, and grandparents and include educational classes, consultation, mediation, and co-parent coaching, all with the goal of keeping the children of these families safe and healthy.
